

Bloxham C of E Primary School

Newsletter 14 – February 4th 2022

Value – Courage

Dear Parents and Carers,

This week we have had some exciting things happen in school. Year 1 and 2 had a visit from the Fire Service who gave them a talk about fire safety and also showed them the fire engine. The children all really enjoyed this visit.

Children in class 5A have completed their bikeability course this week and class 5B will be doing their course next week. We are extremely proud of how the children have conducted themselves in these sessions. Well done!

Some children in year 4 have written about their visit to the school library and we have included their work below. Year 4 are also learning about the rainforest and have been bringing in their rainforest projects. We have also shown this work below.

Science Week

Please help us to raise money for our whole school science week. All funds will be used to inspire the children with their science learning.

We will be selling raffle tickets between 7th-17th February before school, break time and during lunch time. Tickets are 20p each. Lots of prizes to be won for all ages.

Exciting Announcement

We are very pleased to let you know that Miss Drury gave birth to a baby girl, Nancy, on 02/02/22. Both Miss Drury and her baby are doing very well. Congratulations.

Art Competition

We are very lucky to be welcoming the team from Kingham Lodge into school over the next couple of months to deliver art workshops to each class.

We will have 2 experienced artists working in school who will support us in creating charcoal masterpieces to be displayed in school and shared via our newsletter.

Additionally, we are running an art competition with the Kingham team for Lower and Upper Phase. This is an exciting competition finishing with an exhibition of entries and prizes for each year group to be presented by Marina from the Kingham Sculpture Lodge.

Please see the attached poster for further information and do encourage your child to get involved. Entries to be handed to your class teacher or the main school office by 25th March.

For further information about Kingham Lodge and all that they offer please visit www.sculpturekinghamlodge.com they are well worth a visit!

11-20 March British Science Week 2022

ENTRIES TO BE HANDED TO: Your class teacher or main school office
ENTRIES TO BE IN BY: Friday 25th March 2022

SCULPTURE AT KINGHAM LODGE

ARTWORK BY EMMA COX

A child in Foundation Stage brought their fabulous work in to school. This was retelling the story of Grandad's Island. We are extremely proud of how well all our younger children retold the story.

Year 4 Library Visit

My book was TOM GATES 'DOG ZOMBIE' KYLE (for now)

My book looks like this →

I really like this book because my brother has lots of TOM

GATES and he enjoys them so do I. They are really funny and have lots of detailed pictures that sometimes can make you laugh he he. The Library has lots of books by lots of authors and this book is by Liz Pichon.

I am glad the Library has been opened again so everyone can enjoy a different book every week. I think all my library books are going to be by Liz Pichon. I hope that children younger than myself will get to read many more books than me.

I Like my book from the Library Its Really good and the Library has a ton of books from different authors that make nice books

And when I went to the Library I couldn't wait to get a book there.

And its got the most warmest and most cozy place and quite place in the whole school that year can read peacefully.

And beautiful painting on the wall. And all the books have brilliant story's and picture's and I love how detailed the picture are. And there loads of different colors which brings out the scene.

The Library has loads of books from different authors like David Walliams and Enid Blyton and they have wonderful books and I picked Ola Ola and the serpent's curse.

And I was so excited to go to the Library I couldn't wait to get a book.
